PROFILE

Kevin Wilson is a seasoned Techno-Functional Consultant having worked with many best-practice ERP applications like SAP, Microsoft Dynamics, QuickBooks and NetSuite.

Since 1996 he has utilized his detailed technical and functional skills to help many companies implement, manage and optimize their business processes.

Kevin speaks regularly at user group meetings and at conferences and has spoken in the USA, Czech Republic, Brazil, South Africa and France.

He has published 3 books "SAP Event Management – SAP's best kept secret…" (2010), "SAP Event Management – Still SAP's best-kept secret…" (2016) and "A Quick Guide to SAP NetWeaver XI: A Comprehensive BPM Process (2007)

Kevin runs several ERP on-line communities including ERPGenie.COM and EDIGenie.COM.
